

Name: _____

Elements and Principles Clay Tiles Assessment Rubric

Standards to be reported:

Creating: Organize and develop artistic ideas and work by applying visual organization to design and produce a work of art, design, or media that clearly communicates information or ideas.

Learning Target: I can create a clay tile that uses different pottery techniques to represent specific elements of art and principles of design.

	Beginning 1	Developing 2	Secure 3	Expanding 4
Use of Element	I have not depicted a specific element of art in my clay tile.	I have started to depict a specific element of art in my clay tile.	I have clearly depicted a specific element of art in my clay tile.	
Use of Principle	I have not depicted a specific principle of design in my clay tile.	I have started to depict a principle of design in my clay tile.	I have clearly depicted a specific principle of design in my clay tile.	
Craftsmanship and Pottery Techniques (using coils, texture tools, slab-making, scoring and slipping, etc.)	I did not pay attention to the demonstration on clay techniques and failed to successfully create a clay tile.	I sort of paid attention to the demonstration and somewhat successfully made my tile but did not use many pottery techniques.	I paid attention to the demonstration and successfully used many pottery techniques carefully and correctly to make an interesting and creative tile.	I made a very elaborate clay tile consisting of almost all of the pottery techniques that I learned.

Don't forget the other side →

Use your tile to answer the following questions:

(If you made two, pick the tile you would like to be graded on)

Which element(s) did you focus on when creating this tile and how did you show it?

Which principle(s) did you focus on when creating this tile and how did you show it?

Which pottery techniques did you use?
